VEHICLE CATEGORY GUIDE

The following is intended as a guide for vehicle categories. You may enter your vehicle in whichever category you feel is most suited, however you should be prepared to be judged on the appropriate criteria.

The Early Falcon Car Club of Victoria Inc. reserves the right to re-categorise vehicles, as advised by one of the judges, if a car is seen to be in the wrong category.

CATEGORY DEFINITIONS:

Standard: Vehicles may be restored or partly restored. Accessories may be period, whether Ford original or aftermarket. Later accessories such as stereos, extractors, radial tyres etc. will be allowed, but the entry will lose points.

Modified: Any modification - mechanical, body or trim - will be classified as modified.

This category will be split into two levels: 6 cylinder and V8.

ONLY PRE-REGISTERS WILL BE JUDGED.

All cars for judging need to be pre-registered by September 30.

ROCKER COVER RACING RULES: There is no entry fee, as it's a fun event

The Cars:

- No engines or propulsion, gravity only.
- No moving weights.
- No artificial weighting.
- Wheel can be attached to the car in any manner, but must not extend beyond the front of the valve cover.

- If the wheels of a car should touch the lane markers or cross over the lane marker the car shall be disqualified. The competing car immediately becomes the winner.
- Winning cars will advance to the next round until all are eliminated except one car
